**The Counties Furniture Group** is a non profit making Local Authority controlled company with a membership of 80 local authorities. It exists to promote the availability of quality of furniture for education by designing and arranging the manufacture of a wide integrated range of items at the prices which both member and nonmember schools and Local Authorities can afford.

Please visit the web page at [www.cfg.gov.uk](http://www.cfg.gov.uk) for any general information on the Group, details of new products and links to our manufacturers and other organisations concerned with furnishing schools. We also have an online contact form should you require additional information from us. For help with establishing your own layouts, there is a handy guide to space requirements between items of furniture.

[cfg™] offers its members a planning and scheduling service for schools. This is available either by liaising with the member representative in your own authority (details from the [cfg™] Design Office) or for schools via the Furniture Service pages of our web site at [www.cfg.gov.uk](http://www.cfg.gov.uk)  
Information on member eligibility is available from the [cfg™] Design Office.
