laminates

laminates - premium range (price on application)

frames

Similar in construction to the pupil tables, the craft/science range has an underframe to increase strength and stability.

All table edges are bull-nosed and finished with a tough durable new PU edging detail, preventing long-term moisture ingress.

The default worktop finish is beech laminate. To specify a different finish, replace cat ref suffix "bch" with "grf" for grey fleck, or "mpl" for maple.

To obtain a price for the premium range laminates, please contact the supplier.

* silver frame option incurs a 6% price increase

type	W (mm)	D	Ht	age	size mark	component	colour	cat ref	price
	craft/science tables 1200 x 600

frame

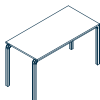

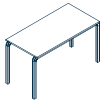

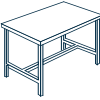

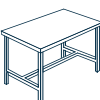

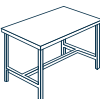

Similar in construction to the pupil tables, the craft/science range has a larger tube size and is available with underframes to increase strength and stability.

This 16mm solid grade laminate worktop version offers superior durability and chemical resistance, making it ideal for the science lab environment.

* silver frame option incurs a 6% price increase
