

MDF top

mdf grey blue green burgundy

frame

charcoal blue green burgundy red silver* (add 6%)

beech veneer top

beech

A sturdy and robust stool available in four heights to suit from junior through to adult.

A simple design based on a fully braced metal frame, with cross bracing rails securely welded between the legs. The underframe provides full support for the seat board, and also protects the seat edges if the stool is knocked over.

The stools semi-stack (max of three stools) and are fully colour co-ordinated with the rest of [cfg] ranges.

- full range of heights
- choice of frame colours
- choice of seat colours/finishes

* silver frame option incurs a 6% price increase
